- Outpatient Therapy Services
- Palliative Care Services
- Pathology Services
- Respiratory Services
- Sheila R. Veloz Breast Center
- Spine and Joint Replacement Surgery
- Surgical Services
- Trauma Center
- Wound Care Services

Philanthropy

The Henry Mayo Newhall Hospital Foundation was established in 1980 to promote community awareness, cultivate volunteerism, and raise vital funds for hospital initiatives to bolster the level of care already available at the hospital.

Since its creation, the Foundation has raised more than \$50 million to give the residents of our community access to medical care:

- Roberta G. Veloz Cardiac Cath Lab
- Wayne and Connie Spears Intensive Care Unit (ICU)
- Kim and Steven Ullman Neonatal Intensive Care Unit (NICU)
- Sheila R. Veloz Breast Center
- Akbar Hasan Infusion Center
- Expanded Emergency Department
- Education Center and Simulation Lab at The Henry Mayo Center

In 2019, the Hospital opened a six-story new patient tower. The tower has 119 private rooms, an expanded Center for Women and Newborns with two surgical suites, an expanded laboratory and blood bank, a new café and kitchen, and a rooftop helipad. The multi-year \$25 million Capital Campaign, Building for Your Health, has raised over \$10 million to date, including over \$1 million from Henry Mayo employees and \$1 million from physicians towards this exciting new addition. The campaign continues to raise money for additional technology within the tower and the ultimate buildout of additional surgical space on the Tower's first floor.
