- Wound Care Services

Philanthropy

The Henry Mayo Newhall Hospital Foundation was established in 1980 to promote community awareness, cultivate volunteerism, and raise vital funds for hospital initiatives.

Since its creation, the Foundation has raised substantial funds to ensure the residents of our community have access to exceptional medical care:

- Roberta G. Veloz Cardiovascular Center
- Wayne and Connie Spears Intensive Care Unit (ICU)
- Kim and Steven Ullman Neonatal Intensive Care Unit (NICU)
- Sheila R. Veloz Breast Center
- Richard and Marian Sandnes Pre/Post Anesthesia Care Unit
- Robert and Andi Parker Laboratory and Blood bank
- Expanded Emergency Department

In 2019, the hospital marked a major milestone with the opening of a six-story patient tower. It features private rooms, an expanded Center for Women and Newborns with two surgical suites, an expanded laboratory and blood bank, a new café, kitchen, and a rooftop helipad. This was achieved through the Building for Your Health Capital Campaign, supported by business leaders, community donors, boards of directors, employees, and physicians.

In addition to other patient care initiatives, the Foundation is raising funds for a new catheterization laboratory in the Roberta G. Veloz Cardiovascular Center. This will enhance the hospital's ability to provide advanced cardiovascular care, reinforcing its commitment to excellence and innovation.
